the need for inspection of concrete construction and other related activities, the types of inspection activities involved, and the responsibilities of various individuals and organizations involved in these activities.

311.4R-00 Guide for Concrete Inspection

Broad knowledge in structural engineering, concrete materials, and construction methods is needed to extract the most information from the visual inspection. Useful guides are available to help less-experienced individuals (ACI 201.1R, ACI 207.3R, ACI 224.1R, ACI 362R).
