A basic, how-to book for beginners featuring 5 popular fonts or hands, Italic, Uncial, Foundational, Gothic, and Casual Pointed Pen, shown in step-by-step detail. The author, an experienced teacher of calligraphy, builds the letters, numbers, and punctuation, giving over 300 photos for each style, so beginners can see the strokes, how the pen is held, and how the characters take form. Pens, papers, inks—all the tools are covered along with necessary techniques, so beginners can use this workbook approach to build mastery of a full range of hands—from the oldest, most traditional to contemporary—quickly and confidently.

An illuminating account of the design inspirations and technical transformations that have shaped the digital typefaces of the 21st century In this fascinating tour through typographic history, Paul Shaw provides a visually rich exploration of digital type revival. Many typefaces from the pre-digital past have been reinvented for use on computers and mobile devices, while other new font designs are revivals of letterforms, drawn from inscriptions, calligraphic manuals, posters, and book jackets. Revival Type deftly introduces these fonts, many of which are widely used, and engagingly tells their stories. Examples include translations of letterforms not previously used as type, direct revivals of metal and wood typefaces, and looser interpretations of older fonts. Among these are variations on classic

designs by John Baskerville, Giambattista Bodoni, William Caslon, Firmin Didot, Claude Garamont, Robert Granjon, and Nicolas Jenson, as well as typefaces inspired by less familiar designers, including Richard Austin, Philippe Grandjean, and Eudald Pradell. Updates and revisions of 20th-century classics such as Palatino, Meridien, DIN, Metro, and Neue Haas Grotesk (Helvetica) are also discussed. Handsomely illustrated with annotated examples, archival material depicting classic designs, and full character sets of modern typefaces, *Revival Type* is an essential introduction for designers and design enthusiasts into the process of reinterpreting historical type.

Every child should have a soft, crocheted buddy to love and cuddle! These crochet ragdolls are specially designed to be huggable lovelies for the little ones or loyal playmates for slightly older children. Many of the animals have patterns for both a large "mom or dad" version and a baby version, including the monkey, frog, cat, bunny, crocodile, dog, hippo, owl, kangaroo, fox, sheep, and penguin. There are also patterns for a mouse, horse, panda, unicorn, princess, and robot, and even a section on how to make little clothes for them to wear. Step-by-step instructions are given for all of the crocheted parts, as well as details on how to assemble. In addition, all of the crochet techniques used in the book are explained so that even beginners can make these ragdolls.
