But he's got
problems. For
one, he's in the

Luckily, his brother saves the day when he

groundbreaking
volume offers a
fresh approach
to
conceptualizing
the historical
geography of
North America by

thematic rather
than a

Leading
geographers,
building on
current
scholarship in
the field,
explore five
central themes.

File Type PDF Odyssey To The

North Part I explores the settling and resettling of the continent through the experiences of Native Americans, early European arrivals, and Africans. Part II examines nineteenth-century European

File Type PDF Odyssey To The

immigrants, the
reconfiguration
of Native
society, and the
internal
migration of
African
Americans. Part
III considers
human
transformations
of the natural
landscape in
carving out a

transportation
network,
replumbing
waterways,
extracting
timber and
minerals,
preserving
wilderness, and
protecting
wildlife. Part
IV focuses on
human
landscapes,

File Type PDF Odyssey To The

blending
discussions of
the visible
imprint of
society and
distinctive
approaches to
interpreting
these features.
The authors
discuss survey
systems,
regional
landscapes, and

File Type PDF Odyssey To The

North
tourist and
mythic
landscapes as
well as the role
of race, gender,
and photographic
representation
in shaping our
understanding of
past landscapes.
Part V follows
the urban
impulse in an
analysis of the

File Type PDF Odyssey To The

North
development of
the mercantile
city,
nineteenth- and
twentieth-
century
planning, and
environmental
justice. With
its focus on hum
an-environment
interactions,
the mobility of
people, and

growing
urbanization,
this thoughtful
text will give
students a
uniquely
geographical way
to understand
North American
history.
